STRINGENDO Program Requirements

It is your responsibility to list ALL Saturday conflicts on your online application form before the application deadline.

Please understand that placing students into an age and level appropriate ensemble is a very complicated puzzle and schedule conflicts complicate the process. We will reschedule for KS All-State on March 1 and MO All-State on January 25.

Your commitment to the program includes one coaching AND one outside rehearsal weekly for the 7-week session.

1. Coachings with faculty

Coachings are 1.5 hours and take place on Saturdays.
*exceptions to this are established groups who have been participating for several years and have an established coaching time on an alternate day.

Coaching for ensembles take place either during the morning or afternoon session and a time will be confirmed after group placements:

Session times: 9:00-NOON or 1:00-4:00

2. Student rehearsals

One outside rehearsal each week prior to your coaching, is required to participate. Rehearsals are scheduled at an agreeable time to all students involved. It is the parents responsibility to communicate with each other and find an agreeable time and place to rehearse (usually someone's home) for a minimum of one hour.

-We have the right to dismiss a student if more than one rehearsal/coaching is missed for any unexcussed absence. We also reserve the right to dismiss a student for a lack of commitment or effort that the faculty deems detrimental to the group. Tuition under these circumstances is non-refundable.

Excussed absenses include illness that would keep you home from school and pre-approved conflicts that have been listed on your application form.
